DRM-KK 90 D

DRM-KK 90-D (90°–180° Adjustable Armrest & Headrest Mechanism)

DRM-KK 90-D (90°–180° Adjustable Armrest & Headrest Mechanism) is a professional adjustment mechanism designed for fully upholstered armrests and upholstered headrests. The mechanism provides smooth and controlled movement from a 90° starting position to a fully extended 180° horizontal position, adding innovative functionality and enhanced ergonomics to upholstered furniture.

DESCRIPTION

Its **six-position indexed ratchet system** allows users to securely lock the armrest or headrest at multiple angles, making it easy to select the most comfortable position. The wide adjustment range makes it an ideal solution for premium sofas, armchairs and contemporary furniture designs where comfort and versatility are essential.

DRM-KK 90-D is an ideal mechanism for modern sofas, lounge chairs, modular seating systems and custom furniture, combining precision adjustment, exceptional durability and innovative functionality.

SPECIFICATIONS

Angle	115, 90, 180
