DRM-KK 115 D

DRM-KK 115-D (90°–195° Adjustable Armrest & Headrest Mechanism)

DRM-KK 115-D (90°–195° Adjustable Armrest & Headrest Mechanism) is a professional adjustment mechanism designed for fully upholstered armrests and upholstered headrests. It shares the same operating principle as the DRM-KK 75-D and DRM-KK 90-D models, with one key difference: it provides an extended adjustment range of up to 195°, offering greater flexibility and enhanced functionality.

DESCRIPTION

The increased range of motion allows users to position the armrest or headrest at wider angles, creating additional seating and relaxation positions while improving overall ergonomics and comfort. This makes it an excellent choice for manufacturers looking to add greater versatility and innovation to premium upholstered furniture.

DRM-KK 115-D is an ideal solution for modern sofas, armchairs and modular seating systems, combining extended movement, precision adjustment, outstanding durability and advanced ergonomic performance.

SPECIFICATIONS

Angle	75, 115, 90, 180, 195
