DRM-BOM 390 D

DRM-BOM-390-D (390 mm Adjustable Headrest & Armrest Mechanism)

DRM-BOM-390-D (390 mm Adjustable Headrest & Armrest Mechanism) is a professional adjustment mechanism designed for adjustable headrests and armrests used in sofas, lounge furniture and upholstered seating systems. Featuring a 390 mm operating range and a concave motion geometry, it delivers smooth movement, ergonomic positioning and outstanding user comfort.

DESCRIPTION

The mechanism is suitable for both **wooden and metal furniture frames**. For wooden frame applications, DEREMFIX recommends reinforcing the mounting points with **metal support plates or reinforcement brackets** to maximize structural strength, extend service life and minimize after-sales service requirements.

With its compact dimensions, durable construction and ergonomic operation, **DRM-BOM-390-D** is an ideal solution for modern sofas, modular seating systems and premium upholstered furniture requiring reliable headrest and armrest adjustment.

DISCLAIMER

The information contained in this Technical Data Sheet is based on laboratory testing, practical experience and current knowledge at the time of publication. The values provided are intended as general guidance and may vary depending on application methods, operating conditions, substrates, environmental factors and production processes.

Since the conditions of use and application are beyond our control, customers are responsible for determining the suitability of the product for their specific application through their own testing and evaluation.
