DRM-ZGZG-SLNCK-1

DRM-ZGZG-SLNCK-1

The Zigzag Spring Swing Clip is an essential upholstery component used in seating systems. Instead of attaching the zigzag spring directly to the plastic spring clip, the spring is first connected to the swing clip, allowing controlled movement and improved suspension performance.

DESCRIPTION

This design significantly enhances seating comfort, distributes weight more evenly and helps cushions maintain their original shape over time. Widely used in sofas, armchairs and upholstered furniture, the Zigzag Spring Swing Clip delivers greater flexibility, superior seating comfort and long-lasting durability for modern furniture manufacturing.

DISCLAIMER

The information contained in this Technical Data Sheet is based on laboratory testing, practical experience and current knowledge at the time of publication. The values provided are intended as general guidance and may vary depending on application methods, operating conditions, substrates, environmental factors and production processes.

Since the conditions of use and application are beyond our control, customers are responsible for determining the suitability of the product for their specific application through their own testing and evaluation. The information provided does not constitute a warranty or guarantee of product performance in any particular application.

Product specifications, formulations and technical data may be modified without prior notice as part of continuous product development and improvement programs. The latest version of this document supersedes all previous editions.
