DRM-KNT-TAPA-57

DRM-KNT-TAPA-57

DRM-KNT-TAPA-57 (Profile Tube End Cap) is a protective plastic insert designed to fit metal profile tube legs according to technical specifications. It is primarily used in office furniture, workstations, conference tables and other furniture with metal legs to improve floor protection, reduce noise and enhance overall stability.

DESCRIPTION

Its durable construction provides secure contact between the furniture and the floor while helping prevent scratches, surface damage and wear. It also improves furniture stability, increases user comfort and provides a clean, professional appearance.

DRM-KNT-TAPA-57 is an ideal solution for office furniture, contract projects, educational furniture and various applications utilizing metal profile tube legs.
