DRM-MIL-88

DRM-MIL-88

DRM-MIL-88 (Plastic Pivot Pin) is a high-strength engineering plastic component designed for office chairs and office seating mechanisms according to the specified technical dimensions. It securely connects moving mechanism components, ensuring smooth operation, precise movement and long-term reliability.

DESCRIPTION

Manufactured from durable engineering plastic, DRM-MIL-88 offers excellent wear resistance, low maintenance requirements and an extended service life. It enhances mechanism stability while supporting the overall quality and performance of modern office seating systems.

DRM-MIL-88 is an innovative and reliable solution for office chairs, task chairs, conference seating and other furniture applications requiring durable mechanical connection components.
