DRM-DMNT-PLSTK

DRM-DMNT-PLSTK

DRM-DMNT-PLSTK (Knock-Down Plastic Connector) is a versatile plastic fastening component primarily designed to securely connect double bed bases. It provides quick assembly and disassembly, making it an ideal solution for modular furniture systems and efficient production processes.

DESCRIPTION

Manufactured from high-strength engineering plastic, DRM-DMNT-PLSTK ensures accurate alignment and a secure connection between two bed bases. Its screw-mount design provides excellent stability, long-term durability and allows furniture components to be separated easily whenever required.

DRM-DMNT-PLSTK is widely used for double bed bases, modular furniture, knock-down furniture systems and various assembly applications requiring reliable and reusable fastening solutions.
