DRM-MFSL-001

DRM-MFSL-001

DRM-MFSL-001 (Articulated Furniture Glide) is an innovative furniture foot primarily designed for office chairs and office seating, while also being suitable for lounge chairs and upholstered seating. Its articulated design automatically adapts to minor floor irregularities, ensuring full surface contact and improved furniture stability.

DESCRIPTION

The integrated pivot mechanism allows the foot to adjust its angle according to the floor surface, reducing wobbling and providing a more stable and comfortable seating experience. It also distributes weight more evenly across the furniture legs, contributing to longer product life and improved performance.

DRM-MFSL-001 is an ideal solution for office chairs, task seating, visitor chairs, lounge chairs and other furniture requiring superior floor adaptability, stability and durability.
