DRM-BNG-VDL-01

DRM-BNG-VDL-01

DRM-BNG-VDL-01 (Threaded Leveling Foot) is an adjustable furniture foot designed to compensate for uneven floor surfaces in sofas, chairs and other seating furniture. It is installed into furniture equipped with a female threaded insert or T-nut, allowing precise height adjustment and reliable leveling.

DESCRIPTION

Its threaded mechanism enables accurate adjustment to the desired height, effectively eliminating wobbling, misalignment and instability caused by uneven floors. The articulated base automatically adapts to the floor surface, ensuring full contact, balanced weight distribution and improved seating stability for enhanced user comfort.

DRM-BNG-VDL-01 is a professional leveling solution for sofas, chairs, lounge chairs, office furniture and other products with metal or wooden legs, providing maximum stability, excellent floor adaptation and long-lasting performance.
