DRM-ACLI-20/40 PLSTK

DRM-ACLI-20/40 PLSTK

DRM-ACLI-20/40 PLSTK (Angled Oval Profile End Cap) is a professional plastic insert designed for 20×40 mm oval metal profile legs. Primarily developed for the office furniture industry, it provides both an attractive finish and enhanced functionality.

DESCRIPTION

Its angled design allows the profile leg to achieve proper contact with the floor while helping compensate for minor floor irregularities when required. It also protects the open ends of metal profiles from impact, dust and wear, extending the service life of the furniture and providing a clean, professional appearance.

DRM-ACLI-20/40 PLSTK is an ideal solution for office chairs, office desks, conference tables, metal-framed office furniture and contract furniture projects where aesthetics, durability and functionality are equally important.
