DRM-KCM-1

DRM-KC-1 (Fold-Down Armrest Mechanism)

DRM-KC-1 (Fold-Down Armrest Mechanism) is an innovative armrest mechanism designed for two-seat and three-seat sofas. Installed inside the sofa arm, the mechanism allows the armrest to rotate 180° into a horizontal position, extending the usable seating or lounging surface by approximately 250 mm (25 cm) on each side.

DESCRIPTION

When positioned horizontally, the armrest creates additional space for lounging and relaxation, providing greater comfort and support without altering the sofa's elegant appearance. The mechanism enhances the functionality of modern upholstered furniture while maximizing user comfort.

DRM-KC-1 is an ideal solution for contemporary sofas, offering increased seating and lounging space, improved ergonomics and enhanced versatility through its innovative rotating armrest design.
