DRM-DZB-TAPA-1

DRM-DZB-TAPA-1

DRM-DZB-TAPA-1 (Flat Head Tube End Cap) is a professional plastic tube insert manufactured according to the specified technical dimensions and available in seven different diameter sizes. Its specially designed ribbed outer surface provides a secure press-fit into metal tubes and profile legs, ensuring reliable and long-lasting installation.

DESCRIPTION

The end cap protects open tube ends against impact, dust and deformation while giving furniture a clean and professional appearance. Its ribbed body prevents loosening during use, ensuring a firm fit inside the tube profile.

DRM-DZB-TAPA-1 is widely used in chairs, tables, office furniture, metal structures and various tubular furniture applications, offering durability, aesthetics and dependable performance.
