DRM-LMA-PRFL

DRM-LMA-PRFL

DRM-LMA-PRFL is a professional plastic connector specifically designed for oval profile stem legs, manufactured according to the specified technical dimensions. Its integrated locking slots allow the insert to be securely press-fitted onto the profile stem, providing a stable and reliable connection.

DESCRIPTION

The insert ensures a precise fit between the profile leg and the stem, improving assembly strength while simplifying installation. Its durable plastic construction offers long-lasting performance and gives the finished furniture a clean and professional appearance.

DRM-LMA-PRFL is widely used in office furniture, table systems, chair legs and various metal furniture applications utilizing oval profile stem legs, providing secure assembly, durability and ease of installation.
