DRM-ELSTK-KLN-5/7

DRM-ELSTK-KLN-5/7 (Elastic Webbing)

DRM-ELSTK-KLN-5/7 (Elastic Webbing) is a premium upholstery elastic webbing designed for the seat and back support systems of sofas, armchairs and other upholstered furniture. Available in 50 mm and 70 mm widths, it is installed beneath the foam cushion to create a flexible support layer that enhances seating comfort and distributes weight evenly.

DESCRIPTION

Its high elasticity helps the foam retain its original shape, minimizes deformation and extends the service life of the seating system. The webbing is available in various colors, with **quality grades commonly identified by the color and the number of stripes woven into the webbing**, making it easy to select the appropriate specification for different furniture applications.

DRM-ELSTK-KLN-5/7 is an ideal solution for residential furniture, contract furniture, office seating, sofas, armchairs and professional upholstery manufacturing requiring durable, reliable and high-performance elastic support.
