DRM-KK 75/90-MB

DRM-KK 75/90-MB (Adjustable Folding Armrest Mechanism)

DRM-KK 75/90-MB (Adjustable Folding Armrest Mechanism) is a professional armrest adjustment mechanism developed for movable upholstered furniture requiring high strength and durability. Although mechanisms of this type are commonly used in adjustable headrests, this model has been specifically engineered for folding armrest applications, providing reliable long-term performance under repeated use.

DESCRIPTION

The mechanism is available with **75° and 90° maximum opening angles**. Both versions move in **15-degree increments**, allowing multiple ergonomic adjustment positions. The **90° version locks into 6 different positions**, while the **75° version provides 5 locking positions**, enabling users to easily select their preferred armrest angle.

DRM-KK 75/90-MB is an ideal solution for sofas, armchairs, modular seating systems and premium upholstered furniture, combining exceptional durability, precise incremental adjustment and smooth operation.

SPECIFICATIONS

Angle	75, 90
